ADBMS

ABOUT ME

I am pursuing my MCA from NCRD's Sterling College of Management and Studies, Nerul. I have a strong interest in technology and the IT sector, which is why I chose this field. I dedicate a lot of time to learning new things and improving my coding skills and knowledge.

I aspire to be a part of a progressive organization that offers a creative, challenging, and encouraging work environment. I want to utilize and enhance my skills, gain practical experience, and contribute to the organization to the best of my ability.
